Term 3 Week 4

Sandy has been working her artistic magic to create some more beautiful works on the concrete areas. She always has a captivated audience and Dylan even read Pig the Pug to her.

Science Week is this week, and we will be having little challenges, demonstrations and experiments all week. On Friday Ms Elton and Mrs Manning have planned some rotating activities for the whole school.

School Bytes is now live and operating our attendance. If your child is absent an automated text will be sent for you to respond with an explanation quickly and easily. Payments will commence on Tuesday 15th. Thank you to all of the families who have connected and are up and running. Please contact Kim or Brooke if you need any help with the transition.

Congratulations Jasper for your fairness, Banjo for your perseverance and Georgia for your kindness This week we are learning about the life and character strengths of Audrey Hepburn.

Nail Biting Soccer! 3-3 at the final hooter and again at the end of overtime. It was decided to play additional overtime until a goal was kicked to determine the winner..... It was in these final minutes that Tilba played their best soccer. Unfortunately, it was Murringo's day. A huge effort Tilba- Congratulations!

We hope to see families and friends at school on Monday for our **assembly** in the Najanuga classroom at 2:30. K12 will get clucky while Stage 3 will show their Robo Rebels. See you there! The **P&C meeting** follows at 3:30 for those who can make it. New faces are always welcome!

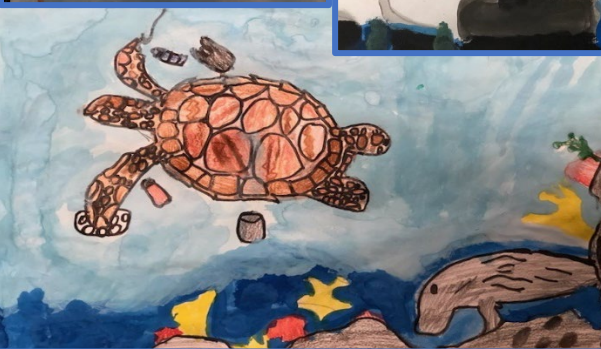

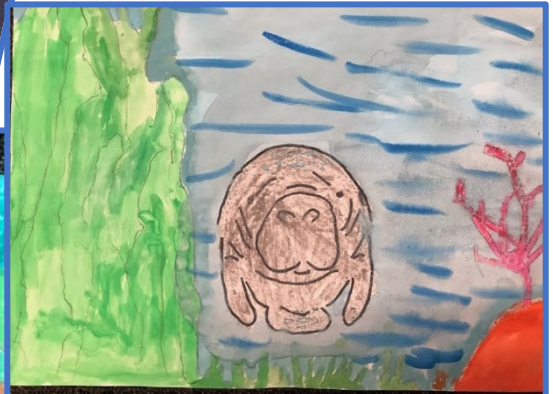

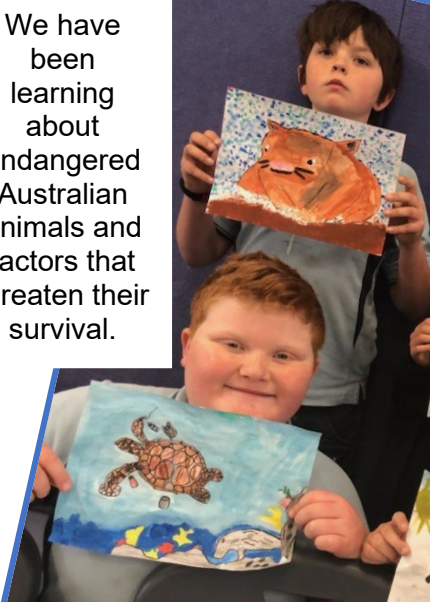

Lilah, Davi, Riley and Grace participated in the Wild at Art program at Bournda EEC on Wednesday.

We have been learning about endangered Australian animals and factors that threaten their survival.

threatened species
art competition for
kids

What a surprise to have inside play because of wet weather on Thursday! Lots of options to work and play together.

Mr Fowler just loves Thursdays when he works with K12 to develop their league tag skills.

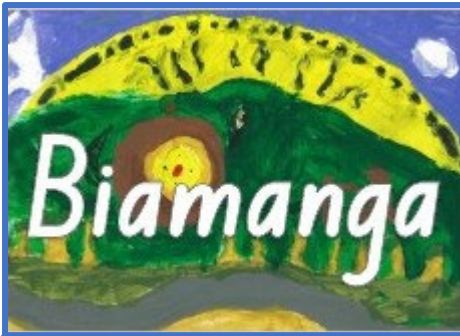

Tilly's growing up!

Chook art to go with our chook poems for assembly on Monday.

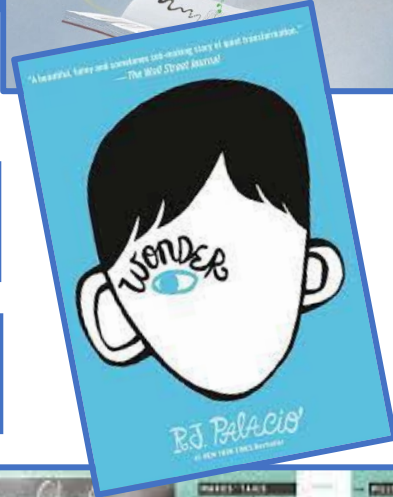

**Tuesday Yrs 5 & 6
Library Day**

**Wednesday Yrs 3 & 4
Library Day**

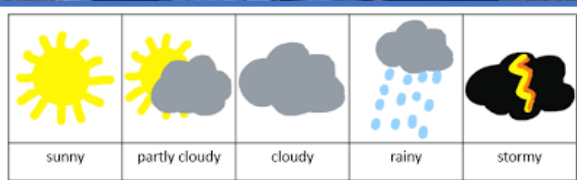

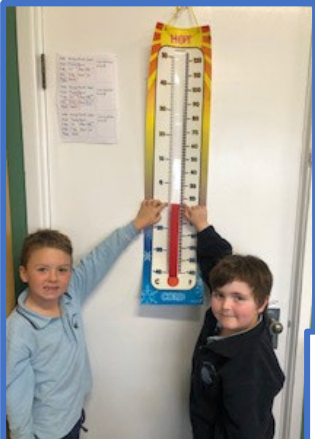

**Friday Yrs K 1 2
Library Day**

Library

Australia's Wild, Weird, Wonderful Weather book is in the spotlight this week as the Najanuga class have been reading through it to learn more about the weather. The 'Under a Cloud' page provided the class with helpful information on the different types of clouds and this assisted them to create their cloud charts in Science.

The Stage 3 students are reading the novel **Wonder** by R J Palacio in Literacy this term. Kindness is the main theme in Wonder. It helps us realise that a small, simple act of kindness can make a big difference, and we have the ability to CHOOSE KIND.

Science

In Science, the Najanuga students have become weather watchers as they learn about '**Weather in my World**'. The students are using weather symbols to record what the weather is like each day. This week the students have been taking a closer look at clouds and learning what the different types of clouds are called, Cirrus, Stratus, Alto and Cumulus. They used cotton wool to create a cloud chart to show what the different types of clouds look like.
