Term 3 Week 9

Outstanding Performance!

I was as proud as I could be sitting with the principals from all over the south coast today in Batemans Bay at the Combined Principals Conference watching Tinkabell and Molly perform.

They performed two songs: "This Is Our Place" is a song the girls were invited to perform in collaboration with Four Winds and the Djinama Yilaga choir and was written by Robyn Martin. The girls themselves wrote the second song the morning they were told they would be performing. It is called "Emotions".

Warm Weather = Snakes!

Typically, at this time of year, we have snake sightings at school and this week has seen a couple of red-bellied black snakes. We have explicitly taught the children what to do if they see a snake: **Don't panic.**

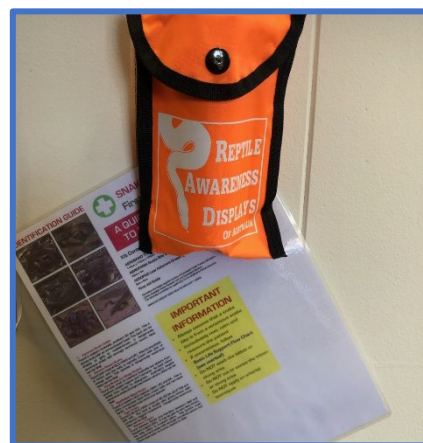

Call "SNAKE!" to alert others.

Back away to a safe distance and allow the snake to move away.

Tell a teacher immediately.

Staff have revised first aid procedures in responding to snake bites.

Snake Bite Kits are located in the front office and Najanuga classroom.

Parent Teacher Interviews

Thank you to families who have responded to interview schedule requests promptly enabling us to best accommodate your needs. We have enjoyed collaborating with parents over the last couple of days to share student progress, learning goals and making plans to best support the children in Term 4.

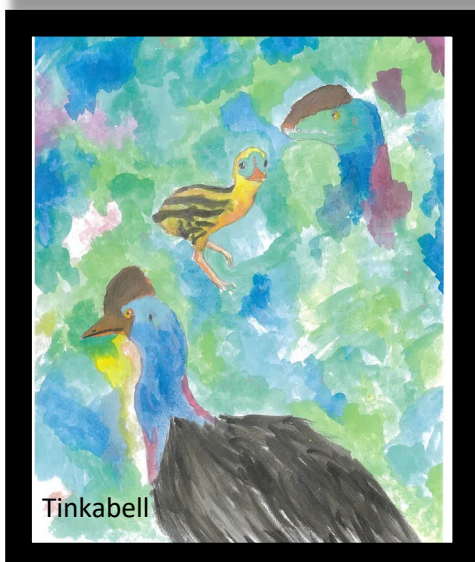

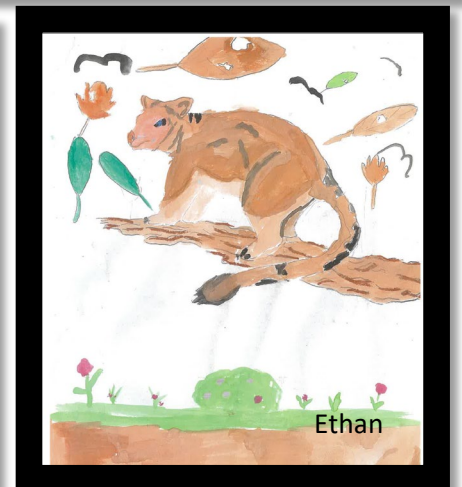

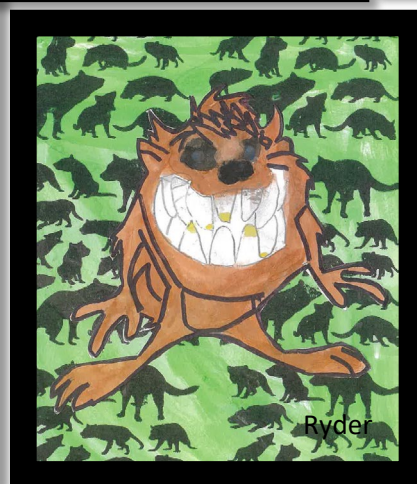

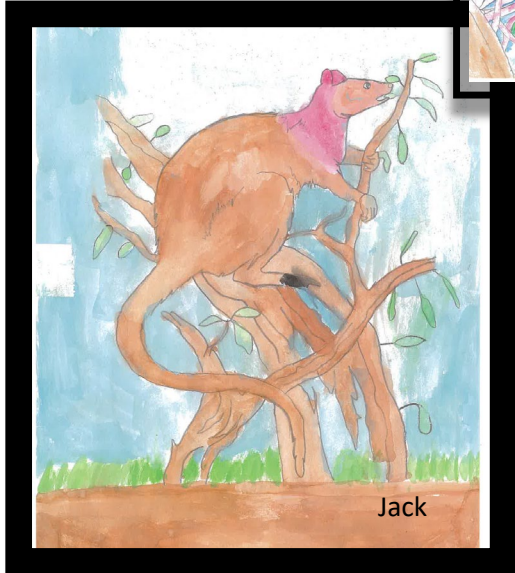

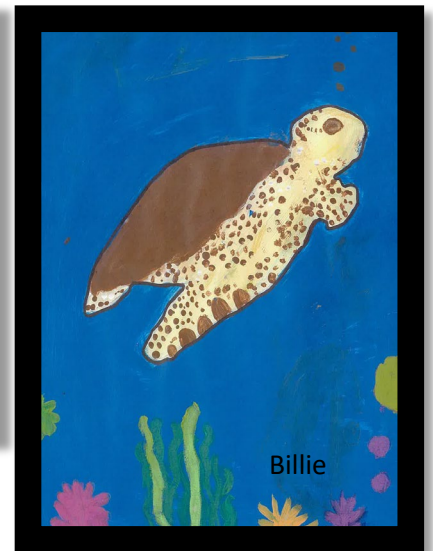

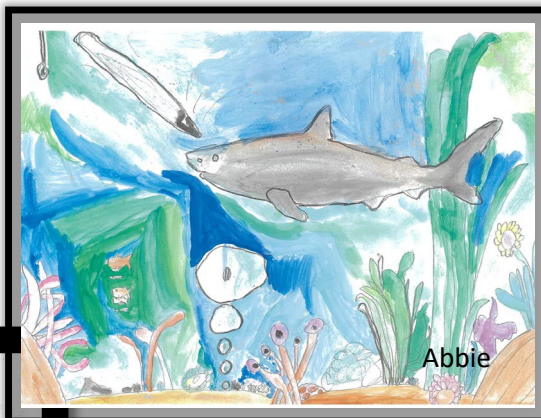

Final Term 3 Assembly

Following our very first **Tilba School Bird Olympics at 2:00 on Monday**, the Barranguba class will host the assembly and perform several small drama pieces. They have organised everything themselves including play selection, actors, costumes and props and can't wait to perform for our school community. We hope to see you there!

Congratulations Jack, Will, Coby and Ethan!

We are so proud of the character strengths displayed by all of our students this term. Our school leaders have become very astute at identifying and explaining specific examples they observe when awarding the students each Monday. Thank you to our Leaders!

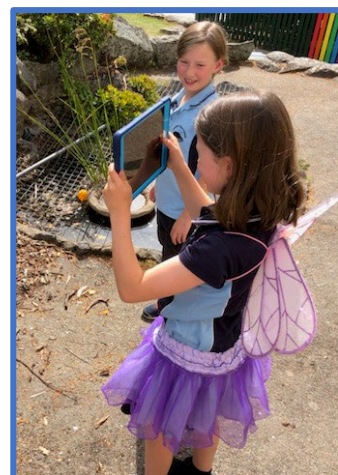

The Heel and Toe Polka is still enjoyed!

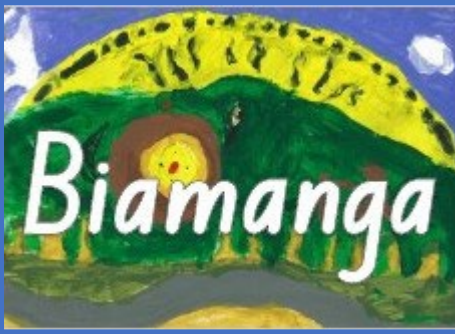

We had fun making our Get Ready Weekend movie. We hope it will help remind everyone in the community to get their homes and businesses ready for the fire season.

Here we are experimenting with our own iMovies on the iPads.

**Tuesday Yrs 5 & 6
Library Day**

**Wednesday Yrs 3 & 4
Library Day**

**Friday Yrs K 1 2
Library Day**

Library

This week is the last week for borrowing books this term. Could families please ensure all library books are returned by the end of Week 10. There are some students with overdue library books and **Overdue Notices** will be sent home today. It would be greatly appreciated if students and their families could do their best to find any missing books and return them. Thank you for your assistance!

Science

Windy weather was just what we needed for our science lesson last week. We used our homemade wind meters to measure if the wind was light, moderate or strong in different locations around our school. To finish off our lesson we flew kites. This old-fashioned windy weather activity was a big hit with the students of the Najanuga class.
